Participate in the Tender Process for Oil and Gas Services Timor-Leste Onshore Drilling Campaign

We invite international suppliers to participate in the tender process for our upcoming onshore drilling campaign.

We are seeking experienced and qualified subcontractors for the following essential services:

Equipment and Tools:

- **Provision of Onshore Drilling Rig**
- **Grading and Excavation Equipment**
- **Equipment Rental** Renting auxiliary drilling equipment.
- **Tool Services:** Providing specialized downhole tools and equipment.

Drilling Services:

- **Directional Drilling Services**
- **Mud Logging Services**
- **Liner Hanger Running Services**

Well Services:

- **Wireline Services:** Conducting various logging and well intervention operations, and supply of DG materials.
- **Well Testing:** Measuring well performance and reservoir characteristics.
- **Stimulation Services:** Enhancing well productivity through hydraulic fracturing or acidizing.
- **Inspection Services:** Conducting inspections to ensure equipment and operational integrity.
- **Fishing Services:** Retrieving lost or stuck equipment from the wellbore.

Fluid Management:

- **Drilling Fluid (Mud) Services:** Supplying and managing drilling fluids.
- **Water Supply and Disposal:** Providing water trucks for drilling and handling waste fluids.

Catering and Accommodation:

Providing food and lodging for crew members.

Submission Deadline: 21 June 2024

Join us in driving the energy future of Timor-Leste. Together, we can achieve excellence in onshore drilling operations.
