

# **(41) Drilling Supervisor | Durrant Petroleum**

Durrant Petroleum · Dili, Timor-Leste (On-site)

## **Meet the hiring team**

[Dr Stuart Lake](#)

Independent Director/Oil and Gas/Energy Transition/Advisor

## **About the job**

We are looking for very experienced drilling supervisors to drill a number of onshore exploration and appraisal wells both shallow oil bearing <1400m deep reservoirs with an existing 1000HP rig and deeper gas bearing units 3000+m using a new 2000HP/3000HP rig from September 2024 through to late 2025. Must be used to managing high pressures (up to 2900 psi at shallow depths (1100m), managing local contractors within a challenging logistics in a remote environment (Suai area, onshore, south coast Timor Leste (4 hours from Dili, the capital)). These jobs were advertised before on LinkedIn and 65 applications were received however there was unfortunately set an automatic autoreply after 3 days rejecting people. Please resend your CV to [stuart@timorresources.com.au](mailto:stuart@timorresources.com.au) if you meet the criteria attached. The criteria have changed as it was evident some applicants would not fit.

Key criteria for high grading applicants

- 15 years' experience minimum in working onshore rigs.
- Must have worked in challenging remote environments.
- Have ability to think on feet, display initiative and make own decisions.
- Rotation will be 28 days on and 28 days off.
- Experience operating with known international operators.

If you meet all 5 criteria, please apply. Please send your CV to [stuart@timorresources.com.au](mailto:stuart@timorresources.com.au) you will get a response within a week.

Drilling Supervisor, Dili, Timor-Leste
