**Mr. Damon Neaves (CEO) addressing the Signing Ceremony**

The Signing Ceremony commemorates the start of the new term of the PSC under Finder’s Operatorship, which will see the evaluation of the development of discovered oil fields as well as appraisal and exploration opportunities. Finder’s priority now is to meet the timetable for the forward work program. To this end, Finder has already commenced the first critical steps in the Development Concept Select Phase of the Kuda Tasi and Jahal Development Project, which include:

- modern, high-end reprocessing of the Ikan 3D seismic data; and
- engineering studies to evaluate innovative development solutions with potential to reduce costs and accelerate the time to First Oil.

This ASX announcement has been authorised for release by the CEO.
