## **LAUNCHING OF THE PROJECT TIMOR GAP RARAHANA BLOCK AND THE PROGRAM SOCIALIZATION OF THE PETROLEUM EXPLORATION ACTIVITY IN THE CONTRACT AREA PSC TL-OT-22-18.**

Lautem, 11 April 2023 - TIMOR GAP organized the launching of the TIMOR GAP RARAHANA BLOCK Project and at the same time the program for socialisation of the petroleum exploration activity in the contract area PSC TL-OT-22-18. TIMOR GAP RARAHANA BLOCK, Unipessoal, Lda. is a subsidiary company of TIMOR GAP, which was awarded PSC TL-OT-22-18 on 22 December 2022. This block covers an area of 4862.59 km<sup>2</sup> and is located in the eastern part of Timor-Leste, covering three municipalities such as Baucau, Viqueque and Lospalos.

The main objective of the opening and socialisation of the PSC TL-OT-22-18 project was to share information about the content of the work program provided for in the Production Sharing Contract; the technology that will be used during the first period of exploration; the process of community involvement in the initial phase of the exploration; the impact of the project; and about the local content during the first phase of the exploration.
